INVITATION
to the International
Scientific and Practical Conference

**«SOILS IN CHALLENGING CONDITIONS:
DEGRADATION, RESTORATION AND
INNOVATION FOR A SUSTAINABLE
FUTURE»**

Dedicated
to World Soil Day 2025

Online November 27, 2025
Kyiv

DEAR COLLEAGUES!

Invitation to the International
Scientific and Practical Conference
«Soils in challenging conditions:
degradation, restoration and innovation for
a sustainable future»
dedicated
to World Soil Day 2025

CONFERENCE TOPICS AND AREAS OF
FOCUS:

- 1. War and soil – challenges and ways to restore:** the impact of military operations on the physical, chemical, and biological properties of soil; assessment of environmental damage and soil degradation, soil monitoring in areas of military operations
- 2. Soil and climate: adaptation of agroecosystems to changes:** soil surveys; the role of soils in carbon sequestration and climate regulation; preservation of soil fertility, considering carbon status assessment; climate-adaptive practices in agriculture
- 3. Regenerative agriculture and soil health:** soil microbiome as the basis of fertility; biologization of agriculture: compost, green manure, biological products; restoration of degraded soils using ecological methods
- 4. Digital monitoring and modeling of soils:** geographic information systems (GIS), remote sensing, satellite monitoring; Big Data, AI, and neural networks in soil science; soil degradation maps/global databases
- 5. International cooperation, policy, and standards:** global and regional initiatives (FAO, UNCCD, EU Soil Mission) and their implementation in Ukraine; implementation of European directives on soil monitoring and protection; prospects for Ukraine's inclusion in the European soil monitoring system

**The conference language is
English or Ukrainian.**

**The conference materials will be
published in a special issue
of the collection of scientific papers
«Soil Protection» on the website
of the State Institution «Soil Protection
Institute of Ukraine»**

**Submission of abstracts —
until November 10, 2025.**

**REQUIREMENTS FOR THE FORMAT
OF ABSTRACTS**

Language — Ukrainian, English.

Length — up to 2 pages (4,000 characters).

The text should be typed in Microsoft Word, Times New Roman font, size 14, line spacing 1.5, indentation at the beginning of the paragraph 1 centimeter.

Materials may contain one table or figure, the titles of which should be placed above the table and below the figure in light font size 14, line spacing — 1.

The table should be filled in with a font size of 12 points, line spacing — 1.

The table should be created in Excel or Word without filling; formulas — in the MS Equation formula editor.

Figures created in Word should be grouped into a single graphic object. All illustrations should be submitted in black and white or in shades of gray.

Abbreviations, symbols, and designations should comply with standards.

The original layout should be in A4 format with the following margins:

top and bottom — 2 cm, left — 2.5 cm, right — 1 cm.

Order of placement of material:

first line centered — title of abstract in **CAPITAL LETTERS** in straight bold font;

the next line — information about the author (authors), namely: initials and surname, academic degree, academic title, name of the organization where the author works, e-mail address (font — italics);

the main text begins one line after the author information. Alignment — across the entire width.

The file name of the abstract must correspond to the first author (for example, Shevchenko O.I.doc)

The text of the abstract is not subject to editing and is the original. The author is responsible for its content.

Materials that do not meet the requirements will not be accepted by the organizing committee.

The collection is planned to be published within a month after the conference.

Each participant will receive a personalized certificate of participation in electronic form.

The conference will be held in English.
